

BEFORE I FORGET...

Police officer pulls a guy over for speeding...

Officer: *May I see your driver's licence?*
Driver: *I don't have one. I had it suspended when I got caught drink driving.*
Officer: *May I see the MOT certificate and insurance for this vehicle?*

Driver: *It's not my car. I stole it.*

Officer: *The car is stolen?*

Driver: *That's right. But come to think of it, I think I saw the insurance certificate in the glove box when I was putting my gun in there.*

Officer: *There's a gun in the glove box?*

Driver: *Yes sir. That's where I put it after I shot and killed the woman who owns this car and stuffed her in the boot.*

Officer: *There's a BODY in the boot?!?!?*

Driver: *Yes, sir.*

Hearing this, the officer immediately called his sergeant.

The car was quickly surrounded by police, and the sergeant approached the driver to handle the tense situation:

Sergeant: *Sir, can I see your driving licence?*

Driver: *Sure. Here it is.*

It was valid.

Sergeant: *Who's car is this?*

Driver: *It's mine, officer. Here's the logbook, MOT certificate and insurance. The driver owned the car.*

Sergeant: *Could you slowly open your glove box so I can see if there's a gun in it?*

Driver: *Yes, sir, but there's no gun in it. Sure enough, there was nothing in the glove box.*

Sergeant: *Would you mind opening the boot? I was told you said there's a body in it.*

Driver: *No problem.*

Boot is opened; no body.

Sergeant: *I don't understand it.*

The officer who stopped you said you told him you didn't have a driving licence, stole the car, had a gun in the glovebox, and that there was a dead body in the boot.

Driver: *Yeah, I'll bet the lying swine told you I was speeding, too...*

Deep In the back woods, a hillbilly's wife went into labor in the middle of the night, and the doctor was called out to assist in the delivery.

Since there was no electricity, the doctor handed the father-to-be a lantern and said, "Here. You hold this high so I can see what I am doing." Soon, a baby boy was brought into the world.

Whoa there, said the doctor, "Don't be in such a rush to put that lantern down. I think there's another one coming."

Sure enough, within minutes he had delivered a baby girl. "Hold that lantern up, don't set it down there's another one!" said the doctor.

Within a few minutes he had delivered a third baby.

"No, don't be in a hurry to put down that lantern, it seems there's yet another one coming!" cried the doctor.

The redneck scratched his head in bewilderment, and asked the doctor, "You reckon it might be the light that's attractin' 'em?"

A man is driving his car on the motorway when suddenly he sees a police car loom up behind him in his mirror.

He immediately puts his foot down, reaching 60 mph, then 90 mph then finally 120 mph! Finally the police car catches up with him and he is forced to pull over.

Officer: "Didn't you see me in the mirror?"

Driver (sweating): "Yes I did."

Officer: "So why did you speed up then?"

Driver (looking nervously into the police car): "Well officer, my wife ran off with a policeman a week ago... I thought you were bringing her back!"

A defence lawyer was cross-examining a police officer during a trial...

Q: Officer, did you see my client fleeing the scene?

A: No sir, but I subsequently observed a person matching the description of the offender running several streets away.

Q: Officer, who provided this description?

A: The officer who responded to the scene.

Q: A fellow officer provided the description of this so-called offender. Do you trust your fellow officers?

A: Yes sir, with my life.

Q: With your life? Let me ask you this then officer, do you have a locker room in the police station, a room where you change your clothes in preparation for your daily duties?

A: Yes sir, we do.

Q: And do you have a locker in that room?

A: Yes sir, I do.

Q: And do you have a lock on your locker?

A: Yes sir.

Q: Now why is it, officer, if you trust your fellow officers with your life, that you find it necessary to lock your locker in a room you share with those officers?

A: You see sir, we share the building with a court complex, and sometimes defence lawyers have been known to walk through that room.

A policeman was interviewing 3 blondes who were training to become detectives.

To test their skills in recognizing a suspect, he shows the first blonde a picture for 5 seconds and then hides it. "This is your suspect, how would you recognize him?"

The first blonde answers, "That's easy, we'll catch him fast because he only has one eye!"

The policeman says, "Well...uh... that's because the picture shows his profile."

Slightly flustered by this ridiculous response, he flashes the picture for 5 seconds at the second blonde and asks her, "This is your suspect, and how would you recognize him?"

The second blonde giggles, flips her hair and says, "Ha! He'd be easy to catch because he only has one ear!"

The policeman angrily responds, "What's the matter with you two? Of course only one eye and one ear are showing because it's a picture of his profile! Is that the best answer you can come up with?"

Extremely frustrated at this point, he shows the picture to the third blonde and in a very testy voice asks, "This is your suspect, how would you recognize him?" He quickly adds, "Think hard before giving me a stupid answer."

The blonde looks at the picture intently for a moment and says, "Hmmm...the suspect wears contact lenses."

"Wow! I can't believe it! You're right, the suspect does in fact wear contact lenses. Good work! How were you able to make such an astute observation?"

"That's easy," the blonde replied. "He can't wear regular glasses because he only has one eye and one ear."

HOW GOVERNMENT WORKS

Once upon a time the government had a vast scrap yard in the middle of a desert.

Congress said someone may steal from it at night, so they created a night watchman position (GS-4) and hired a person for the job.

Then Congress said, "How does the watchman do his job without instruction?"

So they created a planning position and hired two people: one person to write the instructions (GS-12) and one person to do time studies (GS-11).

Then Congress said, "How will we know the night watchman is doing the tasks correctly?"

So they created a Q.C. position and hired two people, one GS-9 to do the studies and one GS-11 to write the reports.

Then Congress said, "How are these people going to get paid?"

So they created the following positions, a timekeeper (GS-09) and a payroll officer (GS-11) and hired two people.

Then Congress said, "Who will be accountable for all of these people?"

So they created an administrative position and hired three people: an Admin. Officer (GM-13), an Assistant Admin. Officer (GS-13) and a Legal Secretary (GS-08).

Then Congress said, "We have had this command in operation for one year and we are \$18,000 over budget, we must cutback overall cost," So they laid off the night watchman.
